I agree to avoid sun exposure for 48 hours	
I agree to use solar defense daily	
I agree not to wax for 72 hours pre / post treatment	
I agree to follow post treatment routine and to heed precautions	

You will receive a clinical treatment designed to exfoliate the outer layers of the skin.

I understand there are no guarantees as to the results of this treatment due to variables

I understand that although complications are rare they may occur and prompt treatment is necessary. I will immediately contact Cato's Place LLC.

Results can vary from mild stinging, swelling, redness, tightness, scabbing, flaking and peeling.

Generally skin will feel tight immediately after peel and will peel for several days. (2-7 days) A faint red-brown color may persist during the peeling stage. This is normal.

I hereby give my consent and authorization voluntarily and release Cato's Face and Body Place, LLC from any claims, implied or stated that I have or may have in the future with this treatment regardless of result. I am stating that the treatment and precautions above have been explained to me in detail and that I fully understand.

Post Treatment Instructions

It is impossible to say how much peeling or flaking (if any) will occur after a treatment and it can vary from treatment to treatment. It usually lasts 2-5 days.

Only use products as directed and keep the treated areas as hydrated as possible. Always use sunscreen and shading after a treatment for at least 2 weeks.

Avoid direct heat on treated areas (hair dryer, open car window, saunas, oven)

Avoid direct sun exposure and always use sunscreen.

Never pull on loose skin.

Do not wax for at least 5 days after your treatment.

Do not exercise intensely for at least 48 hours.

Additional Instructions:

Contact Cato's Face and Body Place if you have any concerns.
